Join us for our inaugural multi-county educational webinar featuring experts on pain management and addiction from across the state.

Completion of this webinar fulfills LARA's 3-hour requirement in the area of pain and symptom management, including the new 1-hour minimum of controlled substance prescribing training, as well as, 3 hours towards the 8-hour MATE training requirement.

Upon completion of the webinar, physicians and healthcare professionals should be able to:

- Describe the use of opioids and other controlled substances
- Identify integration of treatments
- Describe the stigma of addiction
- Describe alternative treatments for pain management
- Identify ways to counsel patients on the effects and risks associated with using opioids and other controlled substances
- Describe how to utilize the Michigan Automated Prescription System (MAPS)
- Identify state and federal laws regarding prescribing and dispensing controlled substances
- Describe security features and proper disposal requirements for prescriptions
